

JURNAL PEMBELAJARAN FISIKA

Perception of Physics Teachers and Students about E-Modules Using Stem-Integrated Flipped Classroom Approach to Improve Critical Thinking Skills
Reni Dwi Puspitasari, Kartini Herlina, Agus Suyatna

CBT HOTS Assessment Instrument Model: Teacher Perception Analysis of a Role of Illustration as Well as Quiz and Question Setting According to HOTS
Yuni Evi Meliani Sihalohe, Undang Rosidin, Agus Suyatna

Development of Assessment Instrument Schoology Assisted to Assess Student Learning Outcome on The Newton's Motion Law Material
I Dewa Putu Nyeneng, Undang Rosidin, Ni Luh Putu Suwartika Eka Putri

The Effect of Sense of Community and Self-Efficacy on Students' Higher-Order Thinking Skills In WhatsApp-assisted Physics Learning
Ratna Widyaning Tyas, Nengah Maharta, Wayan Suana

Implementation of Science Story Media Etnosains Based to Boost Students Concept and Scientific Attitudes
Rahma Rahma, Nanda Safarati

Effects of 7-step Problems Based Learning and Scientific Reasoning on Problem Solving Abilities
Amin Mustajab, Muhardjito Muhardjito, Sunaryono Sunaryono

Augmented Physics' Lab: Magnetic Field Use Virtual Learning Media for 21st Century Students
Dadan Sumardani, Agustiani Putri, Zulri Ramadhan, Fauzi Bakri, Dewi Muliayati

The Rule of Contextual Teaching and Learning Approach with Problem Solving Method to Students' Critical Thinking Skills on Physics Chapter Work and Energy
Munadhirotul Azizah, Winarti Winarti

The Effectiveness of Problem Based Learning Teaching Model to Increase Students' Rational Thinking Skills
Khaerus Syahidi, Fartina Fartina

Assessing the Effectiveness of Contextual Based Learning Videos in Waves
Putri Bullquis Marsa, Desnita Desnita

Feasibility Analysis of Teaching Materials with Pirolysis Tool in SMA Lubuklinggau City
Endang Lovisia, Wahyu Arini

Descriptive Qualitative Analysis Based on Physics Mental Model of Students' Cognitif Understanding on the Concepts of Kinematics Particle and Parabolic Motion
Nyoman Rohadi, Iwan Setiawan, Eko Swistoro

Jurnal Pembelajaran Fisika
